Time—one of man's most valuable gifts, yet one he often treasures least. Man seldom makes full and wise use of time, and when he finally learns its true worth—it is gone forever. He has only memories to console him.

When the 1965-1966 school year is only a memory, you may open your *Moderian* and remember Canton South High School. All the events, activities and people, like the grains of sand trickling through the hourglass, are a measure of the time you spent here.

Within these pages you will recapture moments on the football field and basketball court where you cheered the Wildcats on to victory. Scanning the pictures of students, teachers, and parts of the school, you will be reminded of the classrooms and laboratories where you worked. You will remember the many friends you made here.

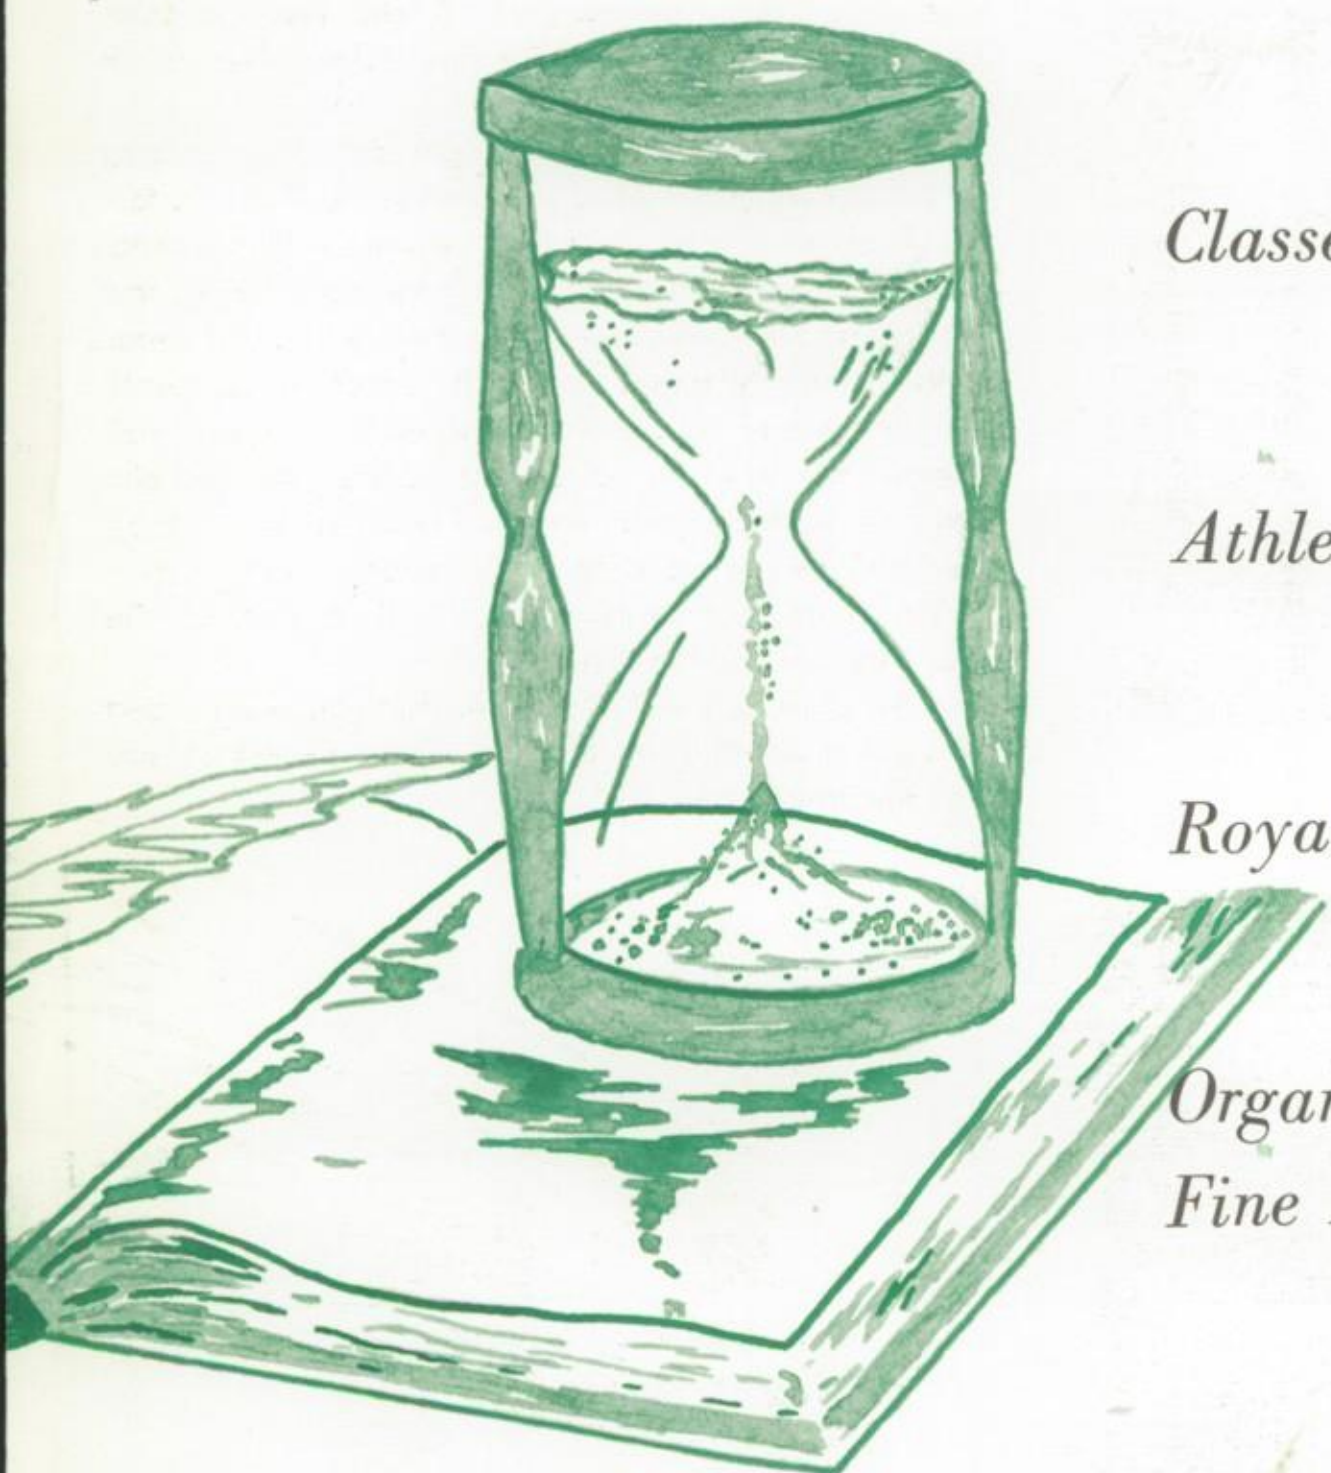

Most of all you will remember that you were a part of Canton South High School. It was here that you had the time of your life!

To Time and Talents . . .

Time and talents have been combined in the laudable contributions of these three men who, since joining the faculty in the same year, 1941, have given so unselfishly of their time to promote the best interests of this school and to encourage, guide, and educate literally thousands of students over a period of 25 years.

Without question, no one has spent longer hours or more professional effort and at more personal sacrifice than any one of these teachers. They have built programs of training, developed skills, taught the lessons of books and of clean living, and provided the leadership with which their students have made Canton South a school widely known, greatly respected, and an *alma mater* of which we can be sincerely proud.

It is with deep feelings of appreciation, of respect, and pride that we dedicate this 1966 *Moderian* to the devotion and service of Charles Ash, James Ferguson, and Edgar Heist.

Learning is a fragile and imperceptible experience, yet it stands as the foundation of the entire high school structure. Fundamentals of reading, writing, and arithmetic, which are taught in grade school, are then extended in junior high and broadened throughout the high school years.

The responsibility of generating these experiences belongs chiefly to the administration and faculty.

Youth, with its problems, ambitions and anticipation, is a slow but steady development of the individual, nurtured by the enveloping power of learning.

Classes and current events stimulate the inquisitive student, prod him into an awareness of the importance of his learning in an increasingly complex world. And, just around the corner, there's always an invitation to the future.

In Memoriam . . .

James Paul Fisher

James Fisher was an inspiration to all who knew him. An ever-present smile, a desire to achieve, and friendship for all, are qualities for which Jim will be remembered. Young and energetic, he lived each day to the fullest.

Jim's Christian way of life will be of lasting value to his family, to his friends, and to his classmates.

Much practice and earnest effort are put into a good athletic program.

Canton South is recognized as a school with a superior coaching staff, capable and often exceptional athletes, and an outstanding student body.

Looking back on this year will always bring back the memories of the mighty prowess of all the Wildcat teams of 1965-1966.

Junior lineman Harold Adams clears the way for a sizable gain by Mark Fisher. A weighty and seasoned line gave valuable support to a consistently threatening offensive.

Captain Ron Ream slides by Canton Lehman for a score. He led the Wildcats in the scoring column and provided an ever-present running attack.

Defensive halfback Ron Hull goes for a hard-running Louisville Leopard. South's ground defense was generally good, but met strong opposition on several occasions.

Junior Quarterback Pete Kimble posted a leading average of 5.4 yards per carry, much of this gained on end sweeps.

Ron Ream and Roger Kimble throw up a vigorous defense against the too-powerful Louisville Leopards. Inability to cope with strong passing attacks worked hardships on the determined Wildcats throughout much of the season.

Junior End Ron Hull receives a Kimble pass, continuing an effective combination accounting for 189 yards. Mark Fisher and Ream shared second-place honors on Kimble's passing.

The hard-fighting regulars gave little need to call upon the bench for support. Mark Fisher, one of nine seniors and seven lettermen, takes a breather from his highly active and dependable participation.

Leading off a promising season with a complete rout of Canton Lincoln, the Wildcats attracted vigorous support from the local fans.

Leon Kennedy bulldozed 499 yards of enemy territory as he led the team in rushing.

Canton South Defense Too

Much for Louisville 52-29

The name of the game is defense. and the big but inexperienced Canton South Wildcats showed it was their cup of tea last night with an opening day win over the visiting Louisville Leopards. The outcome was far different from last season when Louisville nipped the Wildcats in overtime in the season opener. Louisville also helped in its score down by slowing the game and quickly finding being on short ends of the 29-10 and 38-18 quarters. The Wildcats, who represent this area in the Kent region season, didn't impress much Red Ash.

Lagodich, Hackenberg Spark 83-49 Romp Over Marlington

Good sportsmanship was shown the entire season—before, during, and after games. The Wildcats welcome the Mantua Crestwood team in pregame introduction.

South now is 8-0 in the league. 10-3 over-all, while Sandy 0-3 in the circuit and 1-10 against all comers.

John Gooding, 5-foot-11 junior, has been a starter for the last five games.

Wednesday play 0-3 in the league and 1-4 over-all, but South Coach Charles (Red) Ash said he was worried about the game.

"They (Marlington) were terrific in the last two games,"

South raced to a 7-0 lead and, blessed with 58 per cent shooting from the field, was in front 25-10 at the quarter.

South's height advantage proved to be a valuable asset. Rebounding artists Tom Lagodich, Stan Aukamp, and Denny Leach display skill in positioning and retrieving those all important rebounds.

South's guards this year had the talent to move and shoot fast. Seniors Larry Hackenberg (left) and Brian Williams (right) had speed, ball control, and accuracy needed to swish many outside shots and drive in for easy lay-ups.

Making friends and learning to work together are traits that are either natural or developed through time and experience. Through the many clubs we have at Canton South, there are many available opportunities to cultivate these traits.

Organizations

National Honor Society

This year's Thanksgiving program and scholarship assembly are only a small example of the work the National Honor Society has done around the school. Its members are chosen from students in the junior and senior classes on the basis of their point averages. The assembly for the induction of members into the society was held in March.

Row 1—Linda Gigliotti, Rosalie Wilgus, Barbara Oster, Linda Lake, Bonita Beans, Carolyn Hager, William Griffing, Gloria Frankovich, Karen Jolly. Row 3—Constance Leslie, Virginia Weaver, Wilma Eby, George Momirov, Greg Gilbert, Colin Wiley, Larry Hackenberg, Ronald Ream, David Carpenter, Donald Ehret.

Scholarship Awards

Students who maintain a 3.75 or better average for one year receive a bronze award, for two years a silver award, for three years a gold award and for all four years they receive a gold tie tack or charm.

Row 1—Terri Gonzales, Carolyn Sparks, Kathy Pryse, Margie Shilling, Linda Lake, Diane Kemmerling, Polly Yarger, Denise Mayes, Bonita Beans. Row 3—Stephen Cush, Thomas Michaels, Kenneth Merryman, Timothy Gerber, Donald Lee, Gary Daughenbaugh, Glen Whipple, Richard Barnes, William Griffing, Robert Mock, Rodney Warner, David Carpenter, Donald Ehret.

Student Executive Board

Serving as an interceder between the administration and the student body, the Student Executive Board meets to discuss school improvements. Its various activities include printing the student handbook, and taking charge of the Freshman Orientation Day. The Board co-sponsored the bonfire rally and dance held last fall. Speakers have been the heads of departments of school, Mr. Pieper, Mr. Fulton, and Mr. Dowling. Engaging a speaker for the prom is one of the numerous duties of the members.

Office Aides

The office aides are a big help to the school secretaries. They not only collect attendance slips, but also do general filing, run many errands, and answer the phone.

Seated Row 1—Becky Beans, Sandra Voorhis, Linda Manly. Seated Row 2—Bobbie Rinehart, Linda Lake, Dianne Kelly, Juanita Wright, Kathy Nichols, Cheryl Lizer Darlene Bracken Karen Whitacre. Future Homemakers

Members annually sponsor the Twirp dance. Other activities included Mothers' teas, visitation of a Stark County F.H.A., and, for the first time, a Rose Initiation by Glenwood. The local club was represented at the State Convention in Columbus in April.

Row 1—Regena Rodgers, Linda Little, Sharon Mayberry, Janet Moss, Connie Matthews. Row 2—Jane Albright, Gloria Freed, Janet Lloyd, Debbie Morgan, Charlene Bandi, Diane Brott, Gladys Mapes, Janet Patterson. With a final swish of the curtain the production is over, and the delighted audience applauds. Nothing is sweeter to the performer—be he musician, actor, singer, or dancer—than this pulsating sound of appreciation.

Vocal Music

Our choir and glee clubs under the direction of Mr. Winland are made up of specially selected students. These groups perform at school assemblies and they share the honors for the Christmas Concert with the band. In May they "sang along" with the various music departments of Canton Local for a Music in the Round. In addition to their own vocal concert, the choirs, for the first time in several years, combined their talents to present the enchanting musical, *The Flower Drum Song*.

The concert and stage bands highlighted the Christmas Concert, and in April they sponsored their annual Spring Concert. A Music in the Round, featuring all the bands—elementary, junior high, and high school—made for a delightful evening of musical enjoyment.

Next year could be worth \$35,000 to you.

If you're about to enter your senior year, there's a good chance it will... but you must remain in school, and earn a high school diploma.

Who says so? The U.S. Census Bureau. Its figures show graduates earn about \$35,000 *more* before they retire than those who drop out in the first three years.

Sure, a diploma's no guarantee of a good job. But personnel managers do ask themselves: "If he didn't finish high school, how do I know he'll stick it out here?"

Remember. Unemployment among dropouts is *twice* that of the general population. And dropouts stay unemployed longer!

Yet, despite these disturbing statistics, three of ten high school students leave without diplomas. Some 750,000 high school students will quit next year.

Can you afford to be one of them?

BLISS

technologies
for better,
safer living

West Germany: A Bliss arresting gear "catches" a landing U. S. A. F. jet fighter on the runway after a brake failure.

Memphis: Antiquated fire alarms are replaced by a modern, more extensive Bliss-Gamewell coded alarm system.

India: Vitally-needed aluminum strip comes whirling off a new Bliss cold mill near Calcutta.

Cape Kennedy: Bliss-built nozzles and engine parts help guide a Minuteman missile 5,000 miles down range

Brazil: Auto body sections are stamped out on huge Bliss mechanical presses at a plant in São Paulo.

Chicago: A Bliss Mackintosh-Hemphill roll is readied for service in a rolling mill at a giant steel plant.

Tampa: Revolutionary Bliss-Eagle traffic control system uses an electronic brain to synchronize traffic flow.

Even as these events are taking place, others are in the making. Bliss breaks ground for a new press-building plant for Israel... ships a complete can-making machinery line to a big food packer... announces a new plant in Canada to manufacture precision timers and other products... negotiates a contract for prototype production of parts for an advanced rocket system. Everywhere in this growing, changing world, you'll find Bliss... growing and changing with it. Write for our 20-page booklet of Bliss activities.

The Pursuit of Excellence

A leading business firm uses as its trade mark an illustration of a hand reaching for the stars. They explain that you don't always get a star by reaching for one; on the other hand, you don't wind up with a handful of mud.

There's a lot to be said for doing the best you possibly can all the time. If you don't, you may never find out how good you are.
